Cindy Simpson
President

President's Message

Welcome back, gardeners! I trust all had a wonderful summer. Wow, it just went by so fast!!!

I want to thank our 'Angels' for the continued work this HOT summer on our gardens/projects, i.e., butterfly garden, pier planters, village corner pots, and Harrington. These spaces are a labor of love and ones that our club - Live Oaks - are known for.

Our ladies in charge of our programs for this calendar year of 2024-2025 have been fast at work to bring us an assortment of various activities of which you will find very enjoyable.

I will miss seeing everyone on the 23rd as i will be in Greece. Juanita will carry on in my absence. See y'all in October

Cindy

Judy Merrick
Membership Chair

Membership

Happy September, Live Oaks Garden Club members! Welcome back!

Please welcome our newest member, Vanessa Roth, to our club!

Plans are in the works for a Trolley Tour of the island, highlighting our past garden club projects. More information to come. I'm looking forward to seeing everyone at our meeting in a few weeks!

Judy

Patrice Allgood
Communications Chair

Communications

Welcome Fall. Our first meeting of the 2024-2025 LOGC year will be here soon!

As the Communications Chair, one important task is to make sure we have our Poinsettia announcement with *Elegant Island Living* and *Golden Isles Magazine* in place. Let's not forget the 3 paid Poinsettia ads in the *Brunswick News*. I did my work and we are ready for the sale to start on October 4th.

I will be out of the country so I will miss seeing you at the first meeting, but I will see you in October.

Patrice

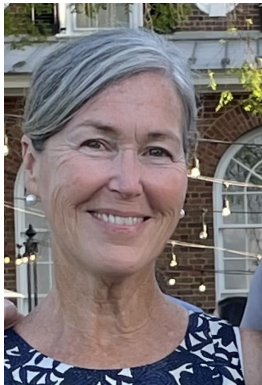

Sydney Pool
Fundraising Chair

Fundraising

It's almost poinsettia time! Our sale will start on Friday, October 4th and end on November 15th. Delivery day will be Friday, December 6th. The plants will be red, white, pink and jingle bells again and the price will stay at \$20.00. Sales will be primarily online, but you may still sell personally and take cash and checks. At our September 23rd meeting, we will go over this year's sales process and introduce your Poinsettia Committee members. Many thanks in advance for your support!

Sydney

Deirdre Byers
Programs Chair

Programs

We have planned a fun and interesting year of programs and activities for our members. They are listed in your directory.

This month, we have planned a program that has long been requested in our annual survey - propagation of plants from seed and cuttings. Our speakers are experts in their field, both working in the Jekyll Island Nursery. We hope you will be there on September 23rd!

Deirdre is also the lead for the Harrington garden. This butterfly was visiting recently.
